EDUCATION

Bsc. Computer Science
University of Ibadan

04/2018 – Present   *Ibadan, Nigeria*

National Diploma in Computer Science
Federal College of Wildlife Management

09/2014 – 08/2016   *GPA > 3.77*

Projects

- Developed Electronic Voting System for FCWM Student Union Group using Vb.net which helped with instance release of results, security and accuracy, documentation of election process was easier and it also require less man power
- Contributed in the development of Mobile Student Handbook using Java for FCWM, which was the first mobile initiative proposed by a student and it reduce paper work for the school, we also moved it from the support of .jar phones to support Android OS

WORK EXPERIENCE

Intern
Change Maker in Slum (CIS)

01/2019 – Present   *Lund, Sweden*

Since 2016, Changemaker in Slums has been working with vulnerable schools in Kenya, to build up their own capacities, lower operational costs and generate stable long-term revenue. We direct network, investment and technologies from Europe to Kenya, so schools can have access to resources they otherwise won't have. In 2019, we also expanded part of our services to Nigeria and Ghana.

Achievements/Tasks

- Designed and implemented MVP for SMS keycode system Using Twilio REST API and Python Language ⬀
- Researched new technologies, software packages and hardware products for use in website projects.
- Used programming capabilities in Python and other libraries as needed.
